Education

**BHARATI VIDYAPEETH DEEMED TO BE UNIVERSITY DEPARTMENT OF
ENGINEERING AND TECHNOLOGY**

B.Tech, Computer Science and Engineering (CGP- 9.89)

Navi Mumbai
2020 - 2024

Experience

- **Associate Consultant** at **Intellect Design Arena** **Aug 2024-Present**
Working as a Developer, specializing in **Angular** and **Spring Boot** for backend, following best coding practices with a focus on externalization, clean architecture, and writing minimal, maintainable code.
- **Developer Intern** at **Max Life Insurance** **July 2023 – Aug 2023**
As a Developer at Max Life Insurance, I constructed diverse responsive webpages on the company's website, employing **Next.js** for front-end development and harnessing **Strapi** for streamlined content management.

Projects

- HOSPITAL APPOINTEE** **2023-2024**
- Orchestrated a team of three to develop an integrated online hospital appointment system, enabling hospitals of all sizes to offer seamless online booking services through a centralized website.
 - Developed frontend using **React.js** and **Tailwind CSS**. Engineered a resilient backend infrastructure with **Node.js** and database through **MongoDB** along with some additional technology like **Stripe API**, **Razorpay Integration** and **Firebase**.
- DOCLESS SYSTEM BASED ON BLOCKCHAIN** **2022-2023**
- Established and led a support team of four members dedicated to enhancing the existing centralized document system through the implementation of a decentralized blockchain-based approach.
 - Utilized Java as the primary programming language for implementing all data structures throughout the project development. Employed **React.js**, **HTML**, **CSS**, and **JavaScript** for development. For database management, leveraged **MySQL**, while harnessing **Google Cloud** for storage solutions and **AES encryption** for protection.

Skills

Skills :

- | | | | | | |
|---------|-----------|---------------|-----------|------------|------------|
| • Java | • Python | • Spring Boot | • Angular | • React.js | • Firebase |
| • MySQL | • Node.js | • Javascript | • GitHub | • DSA | |

Achievements

GEM (Going Extra Mile) Award at Intellect Design Arena:- **2025-2026**
Received a performance award within the first 6 months at Intellect for leading a critical feature (Demand Aggregation) with a lean team, while simultaneously handling production issues. Recognized for initiative, coordination, and client-facing leadership as a new joiner.

HACKATHONS :- **2023-2024**

- Secured 3rd place in the National Hackathon at ViMEET.
- Achieved 2nd place in the SCOE Hackathon.

CODECHEF BVP DET-NM CHAPTER LEAD - **2022-2023**
Appointed as Chapter Lead to represent Code Chef at the college level, driving the establishment and cultivation of a vibrant coding culture. Lead a team of nine executive members, orchestrating a series of impactful events.
